Candidates for admission to the Academy must be at least *thirteen* years of age, must bring testimonials of good moral character, and present themselves on the first day of the first term. *Any received after that time must be qualified to enter some class already formed*, and no one will be received into the Senior Class after the beginning of the year.

Students applying for admission to advanced classes must be thoroughly prepared in all the branches those classes have taken. For advanced admission to the Classical Course, particular attention should be paid to the Latin and Greek Grammar, to the writing of paradigms, the marking of quantity, the elements of Latin and Greek Composition, and the theory of Mathematics to the extent indicated in the Course of Study. Deficiencies in these elementary subjects stand in the way of many who apply for admission to classes in advance of the Preparatory.

## CLASSICAL COURSE.

The Students in this course are all preparing for College. The regular classes are the Junior, Middle, and Senior.

Besides these there is a Preparatory Class, to which Students are admitted without examination. The work of fitting for College occupies three years after the Preparatory year.

### ENGLISH COURSE.

By a gift to the Academy from Woodbridge Odlin, Esq., of Exeter, an English Course of Study has been established for the benefit of Students who do not desire to pursue classical studies. The course extends through three years. At the discretion of the Faculty, it may include Latin and French.

Applicants for admission to this course will be examined in Reading, Writing, Spelling, Elementary English Grammar, and Arithmetic to percentage.

It is provided that ten Students from Exeter may be received to this course, free, if that number of competent Students, belonging to the town, apply, who lack the means to pay the usual tuition fees.

### MUSIC.

Instruction in Sacred Music is given to those members of the Academy who desire it.

### SCHOLARSHIPS.

The Bancroft Scholarship, founded by Hon. George Bancroft, has an income of \$140.

The Hale Scholarship, founded by Miss Martha Hale, in memory of her father, the late Hon. Samuel Hale, has an income of \$140.

The Gordon Scholarship, founded by Hon. Nathaniel Gordon, has an income of \$120.

The Foundation Scholarships are supported by funds given by the founder of the Academy and by the late Jeremiah Kingman, Esq., of Barrington. These at present yield eighty dollars each, annually. They are given to about twenty Students, who, from their good character, indigence, talents, and scholarship, deserve special help.

The award of Scholarships is made by the Trustees at the end of the Fall Term, after pupils have had the opportunity by their work in the school to show something of their ability and worth.

No assurances beyond what are here given can be made to young men before they enter the Academy.

### SIBLEY BOOK-FUND.

The income of this Fund is appropriated for the purchase of text-books for indigent Students.

### EXPENSES.

Tuition \$20.00 a Term, *payable in advance*; not required of indigent Students.

In Abbot Hall, a building erected by the Trustees, there are good studies and bedrooms for fifty Students; each room being furnished with a bedstead, mattress and pillows, tables, chairs, washstand, looking-glass, and stove. The occupants find their own bedding. The price of board in this building does not exceed \$3.00 a week. The rent of rooms is \$5.00 a term for each Student. Rent is not required of those whose tuition fee is remitted. A payment of \$10.00 will be made at the beginning of each term.

Gorham Hall has recently been fitted in a thorough manner to accommodate fifty Students. The rooms are well furnished, carpeted, heated by steam, and lighted with gas. There is hot and cold water on each floor. There are single and double rooms, all having single bedsteads. Occupants furnish their own bedding, as in Abbot Hall. The cost of board and room in this building is from \$6.00 to \$8.00 a week, according to the location of rooms.

In Gorham Hall and Abbot Hall the board will be payable monthly; and, in order to secure rooms in either, *application should be made as early as possible*.

The price of board in private families is \$6.00 a week and upwards.

Engagements for room and board are expected to continue from the time when they are made until the end of the Academic Year.

The Trustees and Instructors have long felt that one of the greatest obstacles to the intellectual progress and moral improvement of Students is the excessive amount of money furnished to them by parents and guardians. If, in addition to this superabundance of ready money, Students are allowed to run in debt, the evil is of course indefinitely increased. By a rule, therefore, of the Academy, *the Students are forbidden to contract any debts, or to have any account, except for board, without permission of the Principal.*

### PUBLIC WORSHIP.

The members of the Academy are required to be constant and punctual at public worship on the Sabbath, at such church as their parents or guardians prefer.

### EXAMINATIONS.

There is an examination at the close of the first and third Term, attended by the Trustees, and by other gentlemen specially invited by the Trustees to be present as Examiners.

### TERM-BILLS.

The deportment, application to study, and proficiency of the Students, are made known to their respective parents or guardians at the close of each Term.

### LIBRARY.

There is a Reference Library, for the benefit of the Instructors and Students.
